

# Seedlings Autumn Term 2021

Welcome to Seedlings Autumn term. This term our topic is My World. We will be thinking about each of our Seedlings and the world they live in, Where they live, Who they live with, If they have any pets, What changes do we see happening around us, The changing autumn season. Our learning will be through play based activities and some group work. Play will incorporate Communication, Thinking skills, Physical development and Social skills.

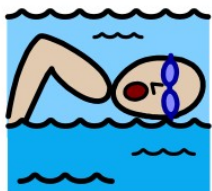

Our class story will be The Snail and The Whale by Julia Donaldson. We will follow the snail and the whale on their journey around the world, looking at all the interesting things they see.

Each week we will be venturing away from the classroom for sessions to enhance our learning in different parts of the school. We will take part in Rebound and Swimming. We will also spend time in the Reading Garden, Soft Play room and the new school Sensory Room.

On Friday afternoons we hope to be able to join Hob Moor Primary's Nursery class for fun and games out in the sensory garden.

Further information about swimming slots for each pupil will follow in the coming weeks.

As the weather gets colder please ensure your child has something warm to wrap up in, we like to head outside in all weathers.

We love to see what our little seedlings get up to at home. Please keep us up to date by adding observations to tapestry. To fit in with our topic this term we would love to learn more about where our seedlings live, who they live with and what things they like doing when not in school.
