PfA: Christmas Experience in School - Snow experience Thursday 12th - Boughs Class Enterprise - Christmas Fair - Ciaran to share examples and plan - get date

	Communication is taught all day through the SCERTS framework. Children have discrete communication sessions which focus on different areas of communication.
CLL - Language and communication	**Pathway 1** **Language and Communication:** Pupils will develop consistent responses to convey likes and dislikes.
	Pathway 2 **Language and Communication:** Pupils begin to combine words, symbols or signs in order to make phrases to comment and describe.
	Pathway 3 **Language and Communication:** Pupils will use more complex sentences using 'and' and 'because' in order to be able to join and sequence ideas.
	Communication activity: 1. Pupils choose exciting activities from a choice of three.  Children communicate using 'yes' and 'no' hands, facial expressions, pointing, reaching, symbols, and coreboards. 2. Model target language 'go', 'stop', 'again', 'more' and 'finished'.  3. Children use the language appropriately to make requests.

	Pathway 1 Pupils will share joint attention during activity - demonstrating engagement in preferred method - smiles, eye gaze, reaching etc… **Pathway 2** Pupils will request a prop, use sense, colour adjectives and size to model sentences **Pathway 3** Pupils will use preferred forms of communication to discuss the activities
CLL **Linked Story: One Snowy Night**  	**Pathway 1** **Attention and Understanding:** Develops object permanence and simple cause and effect to increase independence. **Reading:** Pupils will start to engage with simple stories and the sounds that adults make to promote active learning.
	Pathway 2 **Attention and Understanding:** Pupils will understand and ask who, what and where questions in a range of familiar contexts to gain a deeper understanding of a situation. **Reading:** Pupils can anticipate key events and able to fill in missing words or phrases in the story when left out intentionally by an adult in order to develop their understanding of stories or poems.
	Pathway 3 **Attention and Understanding:** Pupils can use language such as 'first' 'last' 'after' to enable them to order events in discussions and instructions. **Reading:** Pupils can answer questions about the information they have read.
	Pathway 1 Can pupils anticipate what resources will be used next? Can they use switches to make the resources work or use resources to create an effect. **Pathway 2** Model appropriate questions - Who has the shiny beautiful scales? What did the rainbow fish say to his friend when they asked for one of his scales? Where did the octopus live? Pupils answer, can they ask their own question? **Pathway 3** Can pupils order events in the story?
CLL **Linked Story:**	**Pathway 1** **Writing:** Pupils to engage and explore a range of wet and dry messy play in order to develop their fine motor skills.
	Pathway 2 **Writing:** Pupils can trace and copy circular, horizontal and vertical lines using messy play and writing tools to begin to show active participation in their writing.
	Pathway 3 **Writing:** Pupils can type or write a letter of the alphabet upon hearing it aloud. They can accurately type or write CVC and common words.

Children can also use woodland creatures to "walk" and follow the lines. Pathways 2&3 can access the above and draw their own lines following mark-making sheets, but also will access mark making in a separate in planned teacher led session	Pathway 1: **Provision:**  Pathway 2- these can be completed during provision too in the sensory tray  Pathway 3 	Pathway 1: Provision  Pathway 2:  Pathway 3: Letter Formation:  Winter Colouring  Tracing

Maths -	**Pathway 1** **SSM:** Pupils will be able to hold and manipulate a range of objects, in order to actively engage in a range of sensory play. Fill different containers with water, explore full, half /empty *Stage 1 Unit 15 Measuring and Estimating.docx - Google Docs* **Pathway 2** **SSM:** Pupils will be able to identify big/small in play Pupils will be able to identify the big or small object from a selection of Two. *Stage 2 Unit 15 Measuring and Estimating.docx - Google Docs* **Pathway 3** **SSM:** Pupils can describe their relative position (on top, under, next to, below, above) *Stage 3 Unit 14 Describing Position.docx - Google Docs*						
Provision ideas	Pathway 1: **Provision:**  Winter coloured rice	Pathway 1: **Provision:**   Ice play in warm water	Pathway 1: **Provision Enhancement:** 	Pathway 1: **Provision:** 	Pathway 1: Provision engage in sensory play with natural objects, stones, wood, bark-Adult supervised	Pathway 1: **Provision:**  Fruit and water play	Pathway 1: **Provision:** Pathway 2: Pathway 3:

Pathway 2: **Look**: counting snowballs **Listen**: modelling big and small language using percy's boots and tiny boots. **Activity**: Winter items sorting tray (animals, snowballs, trees) Pathway 3: **Look**: snowball addition/subtraction within 10. **Listen**: 3D percy's hut and model positional language using woodland creatures and symbols. **Apply/Record**: print out of percy's hut and animal cut outs. Chn place animals around the hut after being told where by adult. 	Pathway 2: Where's my teddy by Jez Alborough **Teddy sort** Have a selection of big and small teddies in the middle of the room (avoid teddies of medium size and try and just have obvious big and small). Have 2 hoops and ask children to sort all the big teddies into one hoop, and small teddies into the other. **Animal sort** Have lots of animal pictures printed (print all of the larger animals out big and the small animals out small e.g. elephant and the mouse). Group them so there is one large animal amongst a selection of small animals or vice versa. Can children pick out the big/small animal? This can be increased in difficulty by mixing multiple large and small animals for children to sort into big and small. Pathway 3: **I spy** Play 'I spy' using positional language, e.g. I spy an object on top of a box. Children then have	Heuristic basket with metal/wooden tools and items Pathway 1 TL:  Pathway 2 TL:  Snowball sorting with white playdough Pathway 3 TL:  Playdough snowball with positional language cards	laminated planets, toy astronauts and rockets Space play - children can interact with same tuft tray as below but include toy astronauts, rockets etc. Pathway 2 Teacher led  Copy of t-t-4987-space-size-ordering_ver_3.pdf laminated planet cutouts stuck down on black tuft tray, can make some white and yellow star marks with chalk for the background. Provide second laminated planet cutouts and children match the sizes - talk about biggest and smallest etc. Pathway 3: Teacher led Children to create their own space scene using the tuft tray materials e.g. Put the big rocket **next to** the biggest planet, put the spaceman **on top of** your favourite	 **Provision:** Pathway 2: Large and small woodland animals and their  Pathway 3: using the woodland animals children to place the animals on, in, under different habitats.	Pathway 2:  Ice sorting Pathway 3:  Teddy with positional language cards.	

		to guess what it is. The child who is chosen and guessed correctly gets to have a turn at saying 'I spy'. **Bear and Box** Playing bear and box; to place the bear in the correct place (can be done as a whole class if each child has a toy and a box]. For example: put the bear on top of the box or put the bear in front of the box **Mum Hunt** Hide adult animals around the classroom and provide children with the baby animals. Tell the children we have to help the babies find their mums. As children are searching, have them describe to you where they have found the animals. Where have you already looked?		planet, put some stars **above** the planets etc.
